A helping hand from specialists in Equity Release legal work

About Poynton Law Limited

As an expert legal practice in dealing with Equity Release, Poynton Law Limited understands that the rise in house prices over the last 20 years means that many people have a significant asset in their property but limited money to spend. Pensions are often not what people hoped for, interest rates are low on savings and household budgets are often stretched. A direct result of this is that Equity Release products are becoming moe popular.

We aim to provide an eficient, quick and cost effective service to enable people to release equity from their home.

“It’s great to be able to get information and updates quickly

Guiding you through the process

Those who are proceeding with an Equity Release product will need to be given independent legal advice prior to proceeding with the transaction. Poynton Law Limited is able to conduct visits in any location across England and Wales.

Many legal firms undertaking this kind of work may ask you to visit a locum solicitor with little or no experience of this type of work. We have a network of experienced solicitors in relation to Equity Release products throughout England and Wales. Our solicitors are able to arrange a convenient appointment to suit and home visits are available upon request.
